WORLD SERIES PRICES HIGHER

Brooklyn Owners Plan a De-
cise Advance in Tickets;
Boston Prices Same.

New York, Sept. 22.—The cost of tickets to the world's series will go up if Brooklyn wins the National league title. It was indicated here Thursday by Charles H. Ebbets, president of the Brooklyn club. The national commission has authorized the three contenders in both the National and American leagues to arrange world series prices. Admission fees announced by Mr. Ebbets disclose increases. Box seats will remain the same, at \$5, but many of the reserved seats behind the home will sell for \$5 instead of \$2, and prices of unsold reserved bleacher seats will jump from 25 cents to \$1 and \$2.

Boston Prices Unchanged.
Boston, Mass., Sept. 22.—World series games in this city, if the Boston Americans again win the right to represent their league in the post season tests, probably will be played at Braves' field, the local home of the National league, with the seat prices the same as last year.

As now planned, tickets will be on sale at the club's offices a few days before the series opens. Mail orders, Mr. Ebbets' business manager, said, would have no standing. Box seat prices were set at \$5 each, grand stand

ST. FRISCO IS AGAIN WINNER

Receives No Hard Competition
in Capital City Stake
Trot, Murphy Driving.

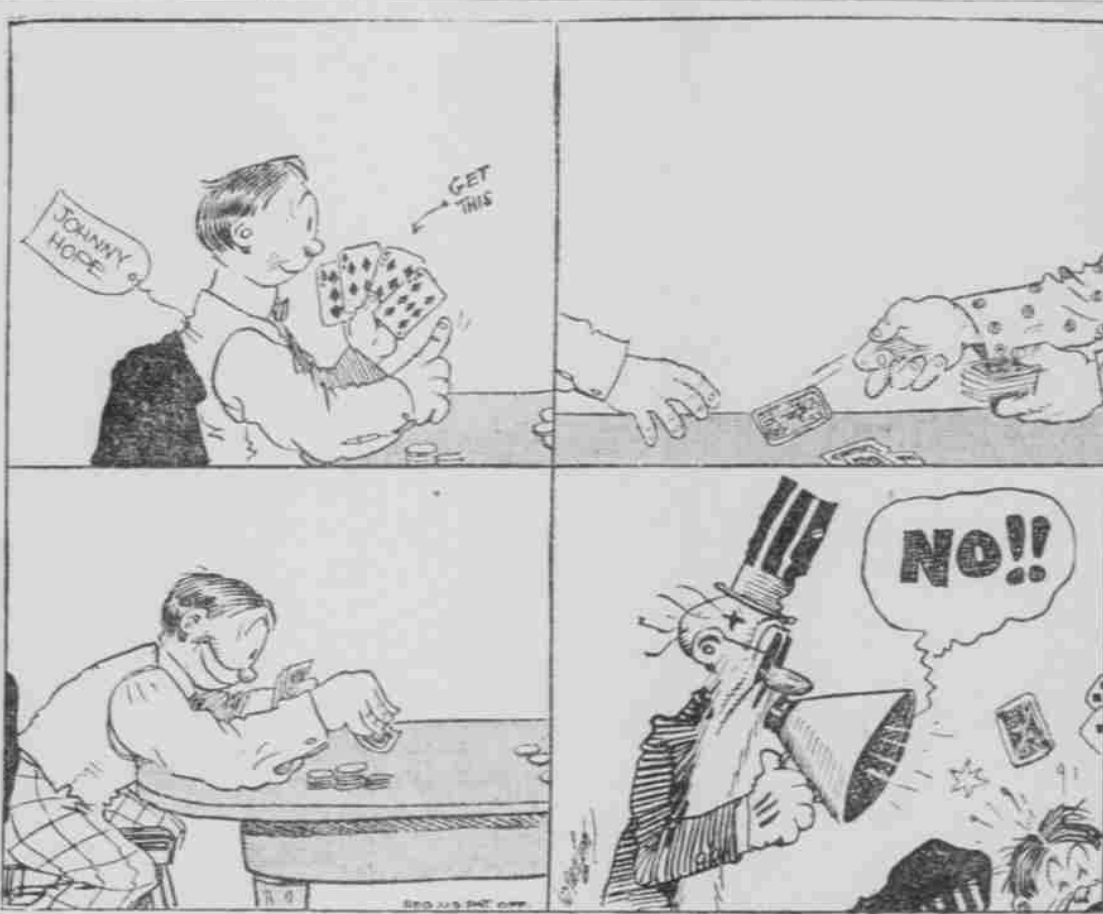

Columbia, S. C., Sept. 22.—Napoleon Direct and St. Frisco, with T. W. Murphy driving in place of the disabled Edward (Boss) Snow, scored straight heat victories Thursday afternoon in the Columbus Grand Circuit races for which they were favorites. Napoleon Direct raced in front in each heat of the free-for-all pace. The second heat was in 2:08 1/4. The first half was done in one minute flat.

St. Frisco was not forced to beat Napoleon Direct through the stretch in the first heat by Peter G. which was fourth in the second heat. The judges awarded W. H. Snow and not C. Valentine in charge of Peter G. for the third heat. Snow was allowed to drive again in the fourth heat. Napoleon Direct was the first choice.

With Zonnet, Len McDonald of Indianapolis won the 219 trot. Judge Jones, E. Green stable, Harpers King and a hatching were more in favor than the winner.

Seats at \$2 and pavilion seats at \$3. General admission will be \$1.

Y. M. C. A. PAPER TO FRONT

TRUCKS CARRY PAPER TO FRONT

Three Motor Trucks Take Stationery to Pershing's Men in Mexico.

One of the most remarkable campaigns ever undertaken by the Y. M. C. A. was inaugurated this week when three motor trucks loaded with supplies of stationery, pencils and magazines, started from Columbus, N. M., on a trip through the wilds of northern Mexico to Gen. John J. Pershing's base at Columbus, N. M.

There the supplies will be distributed among the soldiers and a systematic campaign of Y. M. C. A. work will be launched. This expedition is the result of a trip taken to Columbus last week by William F. Adams, field secretary of the Y. M. C. A., when he had a personal interview with Gen. Pershing, who heartily endorsed the project.

The trucks are in charge of F. W. Winters, long a Y. M. C. A. worker, who is thoroughly familiar with Mexico and the Mexicans. He was in Veracruz as an interpreter during the trouble there with the United States and also was in Mexico City for some time. The only others in the party are the three drivers.

New Field Work.
The sending of these trucks with their loads of supplies, into Mexico marks the beginning of a new campaign to reach the regular soldier by the army branch of the Y. M. C. A., said Mr. Adams.

"Since the mobilization of the soldiers and the sending of the thousands of troops to the border we have been overwhelmed with work, much of which was needed and has been done among the national guardsmen.

"Now we intend to reach the regular army men. Meetings will be held at the various camps in Mexico and a systematic course mapped out. The expedition was headed by Gen. Pershing who always has been one of the staunchest friends of the Y. M. C. A. in this country.

The trucks would have been sent to Pershing's base long before this, but the plans were delayed because of the existing uncertainty as to the length of the troops' stay in Mexico, the location of the camps, etc. Now that the situation seems to be settled for some little time, we thought it advisable to start the campaign.

Three Big Trucks.
The three big trucks have just sent into Mexico are loaded with 100,000 letters, 75,000 envelopes, 25 cases of magazines, weighing more than three tons, 21 gross of pencils and 1800 testaments. These supplies will be systematically distributed where most needed and where they will do the most good and we then plan to keep into Mexico trains of supplies running into Mexico daily.

On Friday night the army Y. M. C. A. building for the only troops near Fort Bliss, will be formally dedicated. This is to be the largest of the Y. M. C. A. buildings on the border, being 100x150 feet. It will be fully equipped with reading and writing rooms and tables, also games, such as checkers, chess and dominoes and equipment for indoor and outdoor work.

There will be an outdoor moving picture screen with a 120 foot throw, which will enable 10,000 soldiers to see the pictures.

Bad Eggs and Fake Drugs Worth \$50,000 Destroyed By Pure Food Department
Austin, Texas, Sept. 22.—During the past year pure food commissioner H. H. Hoffman, through his corps of inspectors, destroyed \$50,000 worth of condemned goods. The goods destroyed included over one million eggs, 5000 gallons of fat preserves, 48 quarters of beef, 3500 pounds of powdered drugs and tablets, 220 pounds of turkey, five car loads of various canned goods, and other products.

Visit 475 Towns.
During the same period, inspectors visited 475 towns and 2122 examinations were made. One hundred and eight cases were filed by the department inspectors and 49 convictions were obtained. Samples numbering 2119 were analyzed and the campaign for pure drugs resulted in the destruction of large amounts of fake aspirin tablets and other adulterated drugs.
